USIBWC OFFERS FREE SEDIMENT FOR PICK-UP

The U.S. Section of the International Boundary and Water Commission (USIBWC) is offering free sediment for pick-up at several areas around its field offices in El Paso and Fort Hancock, Texas, and Las Cruces, New Mexico.

A sediment removal no-cost agreement and more information can be found at:
<https://bit.ly/SedimentForm>

A QR code that can be used is at the bottom of this news release.

Individuals will be given a choice of pick-up points and can indicate the date and time they will pick up the soil.
